

HERE I STAND

Here I stand before you	Accepted, embraced
Here I stand before you	Enfolded, and bathed
You have met me here	Always meet me here
Here in the quiet	Here in the stillness

Here I stand before you	Adopted, I belong
Here I stand before you	At peace and calm
You have met me here	Always meet me here
Here in the quiet	Here in the stillness

I can see clearly now	I can see how you see me
I can see clearly through love	
I can rest safely now	I can rest here before you
I can rest safely now in love	

Here I stand before you	At rest, not wand'ring
Here I stand before you	In family, I will sing
You have met me here	Always meet me here
Here in the quiet	Here in the stillness

Here I stand before you	Imperfect, and whole
Here I stand before you	Now settled, I'm home

I can see clearly now	I can see how you see me
I can see clearly through love	
I can rest safely now	I can rest here before you
I can rest safely now in love
